

FARAH HAMDAN

Front-End Developer | Smart Systems Engineering Student

Gaza, Palestine | [+970 595 170 235](tel:+970595170235) | fh115881@gmail.com | [Linkedin: Farah Hamdan](#)

PROFESSIONAL SUMMARY

Third-year Smart Systems Engineering student specializing in Front-End Development. Skilled in building responsive, user-friendly web interfaces with HTML, CSS, JavaScript, React, and Tailwind CSS. Completed multiple front-end projects and courses in AI, AI-assisted coding, and AI freelancing. Seeking an internship, junior role, or collaborative software development opportunity to apply and grow these skills.

EDUCATION

Bachelor's Degree in Smart Systems Engineering and Software

Al-Aqsa University, Palestine Expected Graduation: 2028

- General Secondary Education, Scientific Stream — Final Grade: 98.3%

PROJECTS

Admin Dashboard | React.js, Vite, Material UI

- Built a responsive admin dashboard with data tables, charts, and navigation components using reusable React components.

Link: <https://github.com/farahHamdan8/Dashboard>

Shop Hub | React.js, Tailwind CSS

- Developed an e-commerce style interface with product listings, filtering, and a fully responsive layout across desktop, tablet, and mobile.

Link: <https://github.com/farahHamdan8/ShopHub>

Quiz Web | HTML, CSS, JavaScript

- Created an interactive quiz application with dynamic question rendering, score tracking, and instant feedback using vanilla JavaScript.

Link: https://github.com/farahHamdan8/Quiz_Web

Hangman Game | HTML, CSS, JavaScript

- Built a browser-based Hangman game with DOM manipulation, win/lose logic, and a clean, styled UI.
